BUSINESS

WILL BE FACILITATED BY NEW RULES PROPOSED.

Mayor's Communications in Writing and Floor Exclusively for Members.

The committee on rules and regulations which was instructed to prepare a schedule of rules to be adopted for the government of the municipal boards, met last night in the office of Alderman W. T. Miller and decided to recommend several changes.

The changes briefly stated are: The boards may act on ordinances at a called or special meeting held ten minutes after any regular meeting in order that the delay of holding ordinances over for regular meeting may be avoided. This holds good in all cases except where the charter provides.

The mayor shall reduce all his recommendations to writing to be filed away by the clerk.

The chairman of each committee shall make a full report of progress in any matter on hand at each meeting of the board. This precludes propositions being buried through neglect of the committee. A fine of \$2 may be assessed against any chairman who fails more than one meeting, unless from illness, to make reports on any matter in hand.

No one shall be allowed to address the boards except members of the body in session, and the mayor by two-thirds vote of those present.

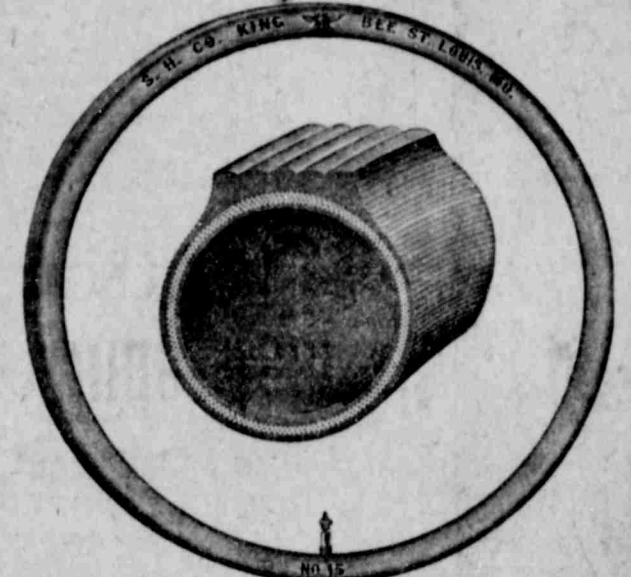

The ordinance committee shall bring in all new ordinances ordered drafted, not later than the second meeting after they are ordered.
